Management

Management is the art of decision-making, supervision and strategic planning for effective use of physical and human resources to achieve high performance. The curriculum provides a broad exposure to the key functions of management. It helps develop technical, technological and human resource management skills needed in modern enterprises. The management curriculum develops valuable methods, tools, techniques and skills while emphasizing creative thinking and problem solving. Students can satisfy the general requirements of a management major and direct their programs of study toward several career tracks. These specializations include: General Management, Entrepreneurship, Supply Chain Management, Personnel Management, and Management of Health-Care Enterprises.

General Management. Managers make and implement decisions through and with people working together toward common goals. The Curriculum focuses on the organizational and environmental factors that influence individuals and groups, particularly in work settings. This includes developing leadership, organizational and behavioral skills that support high performance organizations.

Entrepreneurship. Entrepreneurship is the initiation and management of a new venture or revitalizing an existing firm. This specialization explores the special problems associated with starting a new venture and operating an independent, and often small, business venture.

Supply Chain Management. In today’s global competitive environment, organizations must efficiently manage the flow of materials, goods, services, and information throughout the value chain, from suppliers to customers. Customers require high quality products and services at competitive prices, when they want them, where they want them. Supply Chain Management ensures the smooth flow of materials and efficient transformation of various inputs into goods and services while maintaining high quality.

Personnel Management. The Personnel Management specialization trains students in managerial strategies and programs for making the most effective use of the skills and abilities of organizational personnel. It considers processes such as employee selection, training, career development, diversity, motivation, team-work, and performance appraisal, as well as the impact of cultural, environmental, social, and legal influences on managerial practice.

Management of Health-Care Enterprises. This specialization focuses on the application of sound principles of management and leadership to the effective operation of health care facilities and health service organizations. It focuses on general principles of individual, group, and organizational effectiveness and the application of those principles to the unique societal, structural, legal, and political challenges faced by the health care field.

Students in the five specializations in management prepare for career opportunities in both profit and non-profit, service and manufacturing organizations. The flexibility provided by our five specializations creates a wide variety of employment opportunities. Additionally, students may seek careers as consultants with any of the various consulting firms.

A specialization in General Management provides students with an excellent background for entry-level positions as management trainees, supervisors, personnel specialists, or human resource coordinators.

A specialization in Entrepreneurship provides training in the basics of small business management, marketing and financial planning and budgeting. These skills are necessary for starting and running small businesses, franchise operations and family concerns.

A specialization in Supply Chain Management prepares students for entry-level positions as operations supervisors, operations schedulers, logistics planners, or buyers.
A specialization in Personnel Management prepares students for positions such as personnel manager, recruiter, or director of personnel.

A specialization in Management of Health-Care Enterprises can prepare students for many different possible positions in health-care organizations or in companies that do business with health-care organizations. These could include office manager, assistant administrator, or project coordinator.

Students majoring in other areas such as accounting, finance, or marketing can obtain a double major in management that will facilitate upward mobility in their careers.

A major in Management* (as described below) requires students to earn a minimum grade of C (a grade of C- is not sufficient) in each of the courses taken to satisfy the requirements for the Management major, and students must earn a minimum 2.0 grade point average for those major courses. Additionally, for prerequisite purposes for all MGMT-numbered courses having a MGMT-numbered course as a prerequisite: a student must have a grade of C or better in each MGMT-numbered prerequisite course including ACCT/FIN/MGMT 208.

The Capstone Option for Transfer Students

The Capstone Option is available to students who have earned an Associate in Applied Science (AAS) degree or have the equivalent and who have a cumulative 2.0/4.0 gpa on all accredited coursework prior to the completion of the AAS, as calculated by SIU. The Capstone Option reduces the University Core Curriculum requirements from 39 to 30 hours, therefore reducing the time to degree completion. See the Capstone Option section for more information on this option. Students who apply for the Capstone Option will work with the College of Business Advisement Office for approval of the Capstone Option and will complete a personal contract for a degree completion plan.

Differential Tuition

The College of Business assesses College of Business majors a differential tuitions surcharge of 15% of applicable tuition for declare College of Business majors. The College of Business has a “minor program fee” for other than College of Business majors that is equal to 15% of 15 credits hours of applicable tuition for declared College of Business minors.

Specializations:

General Management - Entrepreneurship - Supply Chain Management - Personnel Management - Management of Health-Care Enterprises

1 120 semester hours are required for graduation. Any additional hours of college level credit can be used to equal minimum 120 semester hours required for degree.

### Management Minor

For College of Business majors, a minor in Management consists of a minimum of 15 semester hours, including MGMT 345 and 12 approved credit hours in Management at the 300 level or above. MGMT 304, MGMT 318, and MGMT 481 are not eligible for a minor in Management for College of Business majors. For non-College of Business majors, a minor in Management consists of a minimum of 15 semester hours, including MGMT 304, MGMT 318, MGMT 345 and six credit hours in Management at the 300-level or above. An advisor within the College of Business must be consulted before selecting Management as a minor. At least nine of the 15 semester hours must be taken at Southern Illinois University Carbondale. All prerequisites for the Management minor classes must be satisfied.

A minor from the College of Business requires students to earn a minimum grade of C (a grade of C- is not sufficient) in each of the courses taken to satisfy the requirements for their minor, and students must earn a minimum 2.0 grade point average for those minor courses.

### Management Courses

**MGMT170 - Intro to Business** 170-3 Introduction to Business. Survey of business. General knowledge of the modern business world, the composition and functions of the business organization, as well as business as a social institution. Does not satisfy a College of Business requirement. Restricted to freshmen and sophomores.

**MGMT202 - Business Communications** 202-3 Business Communications. Creating and managing written and oral administrative communications including the analysis, planning and practice of
composing different types of internal and external communications in various administrative and business contexts. Prerequisite: ENGL 101 or ENGL 102.

MGMT208 - Business Data Analysis 208-3 Business Data Analysis. (Same as ACCT 208 and FIN 208) [IAI Course: BUS 901] Uses of data in policy formulation are discussed. Emphasis is placed on the conversion of raw information into statistics, which are useful to the decision-maker. Problems stress solution to questions typically raised in businesses. Prerequisite: MATH 139.

MGMT304 - Intro to Management 304-3 Introduction to Management. Basic concepts of the administrative process are considered with emphasis on executive action to develop policy, direction, and control based on traditional and behavioral science approaches to decision making. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT318 - Production-Operations Mgmt 318-3 Production-Operations Management. This course is an introduction to the design, planning, and control of manufacturing and service operations. Topical coverage includes operations strategy, process management, project management, Total Quality Management, and Just-in-time/Lean Operations, as well as traditional techniques for facility location, layout, and inventory management. Prerequisite: MATH 139 or MATH 140, ACCT/FIN/MGMT 208. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT341 - Organizational Behavior 341-3 Organizational Behavior. The study of behavioral issues in management, including analyses of individual, group, and intergroup relations under a broad range of organizational settings. Includes discussion of theory, cases, and managerial applications. Prerequisites: MATH 139; ACCT/FIN/MGMT 208 and MGMT 304 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT350 - Small Business Mgmt 350-3 Small Business Management. Identification of small business, its importance and relationship to the United States economy, and the opportunities and requirements unique to operation and management. Personal characteristics, interpersonal relationships, organizational systems, and decision-making processes are examined for their contribution to the success or failure of the firm. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT352 - Management Science 352-3 Management Science. This course is an introduction to mathematical model building. The focus of this course is on modeling business problems and the solution techniques commonly used to solve such models. Topical coverage includes decision theory, mathematical programming, network models, scheduling models, queuing models, and simulation. Prerequisite: MATH 139, MATH 140; ACCT/FIN/MGMT 208, MGMT 318, MGMT 345 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT360 - Database Management 360-3 Database Management. (Same as ACCT 360) This course provides an introduction to database design and database management in business. It covers analysis, design, and implementation of organizational databases including data modeling, database management systems, data-based information systems design, security, and data quality assurance. Prerequisite: MGMT 345 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT362A - Busi App Pro-Visual Basic.Net 362A-3 to 9 Business Applications Programming-Visual Basic.Net. An introduction to the principles of computer programming and business applications development tools. Includes basic programming constructs, language elements, graphical, user interface design, and database programming in integrated development environments. Prerequisite: MGMT 345 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.
MGMT362B - Business App Progrm-ERP Langs 362B-3 to 9 Business Applications Programming-ERP Languages. An introduction to the principles of computer programming and business applications development tools. Includes basic programming constructs, language elements, graphical, user interface design, and database programming in integrated development environments. Prerequisite: MGMT 345 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT362C - Business App Programming-Java 362C-3 to 9 Business Applications Programming-Java. An introduction to the principles of computer programming and business applications development tools. Includes basic programming constructs, language elements, graphical, user interface design, and database programming in integrated development environments. Prerequisite: MGMT 345 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT362D - Business App Progrm-Visual C++ 362D-3 to 9 Business Applications Programming-Visual C++. An introduction to the principles of computer programming and business applications development tools. Includes basic programming constructs, language elements, graphical, user interface design, and database programming in integrated development environments. Prerequisite: MGMT 345 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT362E - Business App Program-Other 362E-3 to 9 Business Applications Programming-Other. An introduction to the principles of computer programming and business applications development tools. Includes basic programming constructs, language elements, graphical, user interface design, and database programming in integrated development environments. Prerequisite: MGMT 345 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT380 - Managing Information Systems 380-3 Managing Information Systems. Management issues related to information and information technology that confront today's diverse organizations. Topics include integration and use of information systems within organizations and organizational partners, business planning for information systems, legal and ethical considerations with information systems, social and technological trends. Prerequisite: MGMT 345 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT385 - Personnel Human Resource Mgt 385-3 Personnel and Human Resources Management. (Same as PSYC 322) An introduction to the development, application, and evaluation of policies, procedures, and programs for the recruitment, selection, development and utilization of human resources in an organization. Prerequisites: MATH 139, ACCT/FIN/MGMT 208 and MGMT 304 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT411 - Enterprise Networks & Commun 411-3 Enterprise Networks and Communications. (Same as ACCT 411) This course focuses on the application of data communications and network technologies for improving business. Coverage includes, but is not restricted to, an introduction to the principles of data transmission technology, various communication architectures and protocols, basic network design principles, Internet and Intranet technologies, data security issues and elements of network management. Not for graduate credit. Prerequisite: MGMT 345 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT420 - Project Management 420-3 Introduction to Project Management. Application of project management principles for improving business. Coverage includes, but is not limited to: introduction to the principles of project management, Project Management Institute (PMI) guidelines, US and international project management scenarios, and working together as a project management team. Students will work with Project Management Body of Knowledge (PMBOK) guidelines. Students will accrue enough education hours to sit for the PMI CAPM certification. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT421 - Info Systems Analysis & Design 421-3 Information Systems Analysis and Design. Strategies and techniques for structured analysis and design in the development of information systems. System development using structured tools/techniques for describing process flows, data flows, and
data structures. Alternative methods of system development are also discussed. Not for graduate credit. Prerequisite: MGMT 360 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT431 - Organizational Design & Structures 431-3 Organizational Design and Structures. The study of modern theories of complex organizations. Particular emphasis is placed on open-systems perspectives of administrative theory and the adaptation of the organization to a changing environment. Not for graduate credit. Prerequisite: MGMT 341 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT446 - Leadership & Managerial Behavior 446-3 Leadership and Managerial Behavior. This course will concentrate on leader and manager behavior at middle and upper organizational levels. Emphasis will be placed on leader and manager effectiveness and the factors that impact effectiveness. Not for graduate credit. Prerequisite: MGMT 341 with a grade of C or better. Restricted to College of Business major or minor, junior standing.

MGMT452 - Supply Chain Transportation 452-3 Supply Chain Transportation and Logistics. This course examines the areas of transportation and logistics as they relate to supply chain management. Not for graduate credit. Prerequisite: MGMT 318 with a grade of C or better. Restricted to College of Business major or minor, junior standing.

MGMT456 - Managing Global E-Bus Syst 456-3 Managing Global E-Business Systems. The organizational and managerial issues affecting global e-business today are addressed. Topics include corporate strategy and IT architecture in a global marketplace; outsourcing impacts on e-business; legal, social, and ethical issues; information security; and e-business models and IT. Not for graduate credit. Prerequisite: MGMT 345 with a grade of C or better. Restrictions: College of Business majors or minors; or departmental approval required.

MGMT471 - Seminar in Entrepreneurship 471-3 Seminar in Entrepreneurship. Investigation of selected special or advanced topics in seminar format. Topics may include but are not limited to entrepreneurship, small business analysis, or topics related to the ownership and management of a business. Activities will include library and field research, data analysis, report writing, and active participation in seminar presentations and discussions. Designed particularly for the student who has completed FIN 350 and MGMT 350 and has discussed personal small business or entrepreneurial objectives with the instructor prior to registration. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

MGMT474 - Mgmt's Responsibility Society 474-3 Management's Responsibility in Society. Analysis of the cultural, social, political, economic, and immediate environment of the organization. Particular emphasis is given to the manner in which the manager adapts to and is influenced by the environment and its conflicting demands. Not for graduate credit. Restrictions: College of Business majors or minors, senior standing; or departmental approval required.

MGMT481 - Administrative Policy 481-3 Administrative Policy. Development of organizational strategies and policies within environmental and resource limitations. Emphasis upon the application and integration of basic principles from all areas of business by case problem analysis, simulation exercises, and group participation. Not for graduate credit. Prerequisites: MGMT 304, MGMT 318, FIN 330, and MKTG 304. Restrictions: College of Business majors or minors, senior standing.

MGMT483 - Advanced Prod-Operations Mgmt 483-3 Advanced Production-Operations Management. An in-depth study of production and inventory management with a focus on preparation for the American Production and Inventory Control Society (APICS) certification examinations. Topics covered include planning for material and capacity requirements, scheduling, Theory of Constraints, Just-in-Time and
Total Quality Management. Not for graduate credit. Prerequisite: MGMT 318 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

**MGMT485 - Organizational Change & Development** 485-3 Organizational Change and Development. Analysis of problems in personnel management with emphasis on current trends and techniques. Case problems, special reports and experiential approaches are used as a basis for examining ways of using an organizations' human resources to best advantage. Not for graduate credit. Prerequisite: MGMT 341 with a grade of C or better. Restrictions: College of Business majors or minors, junior standing; or departmental approval required.

**MGMT491 - Independent Study** 491-1 to 6 Independent Study. Utilizes special faculty resources to enable individually, the exploration of an advanced area of study through research by means of data analysis and/or literature search. Not for graduate credit. Restrictions: College of Business majors, junior standing, and departmental approval required.

**MGMT495 - Internship in Management** 495-3 Internship in Management. Supervised work experience that relates to the student's academic program and career objectives. Course may be repeated in a subsequent semester, but only three semester hours may be applied toward the Management major. Additional credit hours may only satisfy the 300-400 level College of Business prefix elective or general elective requirements. Mandatory Pass/Fail only. Not for graduate credit. Restrictions: Management majors, junior standing or higher. Special approval needed from the department.

**MGMT497 - Special Topics in Management** 497-3 Special Topics in Management. An exploration of selected current topics in management with an emphasis on covering a particular area in depth. Timely topics are announced in advance, and both faculty and students may suggest topics. Students may repeat enrollment in the course as the topic varies. Restriction: College of Business majors or minors, junior standing; special approval needed from the department.

### Management Faculty

- **Bateman, David N.**, Professor, Emeritus, Ph.D., Southern Illinois University, 1970.
- **Carter, Min Z.**, Assistant Professor, Ph.D., Auburn University, 2009.
- **Dai, Ye**, Assistant Professor, Ph.D., University of Texas at Austin, 2012.
- **DeYong, Gregory D.**, Assistant Professor, Ph.D., Indiana University 2010.
- **Goodale, John C.**, Associate Professor, Ph.D., University of Utah, 1996.
- **Karau, Steven J.**, Professor, Ph.D., Purdue University, 1993.
- **Larson, Lars L.**, Associate Professor, Emeritus, Ph.D., University of Illinois, 1971.
- **Litecky, Charles R.**, Professor, Emeritus, Ph.D., University of Minnesota, 1974.
- **McKinley, William**, Professor, Emeritus, Ph.D., Columbia University, 1983.
- **Melcher, Arlyn J.**, Professor, Emeritus, Ph.D., University of Chicago, 1964.
- **Mykytyn, Jr., Peter P.**, Professor and Chair, Ph.D., Arizona State University, 1985.
- **Nelson, Kay M.**, Professor, Ph.D., The University of Texas at Austin, 1995.
- **Nelson, Reed E.**, Professor, Emeritus, Ph.D., Cornell University, 1983.
- **Sekaran, Uma**, Professor, Emerita, Ph.D., University of California at Los Angeles, 1977.
- **Stubbart, Charles I.**, Associate Professor, Emeritus, Ph.D., University of Pittsburgh, 1983.
- **Tadisina, Suresh**, Professor, Emeritus, Ph.D., University of Cincinnati, 1987.
- **Vicars, William M.**, Associate Professor, Emeritus, Ph.D., Southern Illinois University, 1969.
- **White, Gregory P.**, Professor, Emeritus, Ph.D., University of Cincinnati, 1976.
