

Public Safety Management

The Bachelor of Science in Public Safety Management is an ideal program of study for public safety professionals seeking career advancement in the public safety industry. Admission to the program requires completion of a public safety-related associate degree, prior formal training equivalent to a fire service-related degree, prior public safety-related licensure or certification, or prior employment in a public safety-related field.

The program is offered at off-campus locations and online and is designed to provide practical course work in areas of management and supervision for public safety professionals. Public Safety Management offers a general degree option or a Fire Service Management Specialization. Public Safety Management students complete a set of required courses in the major and then select from one of two sets of directed courses to complete their selected option. Successful graduates are marketable for career enhancing opportunities that include public safety-related management and supervisory positions and other related fields.

The Public Safety Management program has signed articulation agreements with numerous colleges. Check with the Public Safety Management program for a current list.

For additional information about this major, contact the Public Safety Management office at 618-453-5701 or visit publicsafetymgmt.siu.edu.

Total	120

¹ *The Capstone Option reduces University Core Curriculum requirement to 30 hours for eligible students.*

Capstone Option for Transfer Students

The SIU Capstone Option may be available to eligible students who have earned an associates degree or the equivalent. The Capstone Option reduces the University Core Curriculum requirements from 39 to 30 hours, therefore reducing the time to degree completion. Those seeking the Capstone Option must meet all eligibility criteria no later than the end of their first semester in the bachelor's degree program. See the Capstone Option section for more information on this option.
