Social Work

The course of study consists of three major components: (1) required University Core Curriculum course work; (2) required social work major course work; (3) general University electives. The University’s Core Curriculum program, required of all students pursuing a bachelor’s degree, is a carefully balanced series of courses of inquiry in the sciences, social sciences, humanities, fine arts, English and communication skills, mathematics, health, and multicultural studies. The University Core Curriculum courses in sociology, political science, economics, human biology and psychology are particularly relevant to the Social Work major.

The Social Work requirements in the curriculum include courses that define the role of the profession as it relates to society, politics, and the economy; that provide the conceptual framework to address problems and changed circumstances for individuals, families, groups, and communities; and that examine the structure, functions, policies, programs, and strategies of the social welfare system. Methods courses cover interviewing and interpersonal helping skills, problem solving, group theory, community organization, community development, and social research. This core of courses is designed to give students a solid foundation in understanding, creating and applying research that will help the students become effective professionals and to give the students the potential to add to the body of knowledge that will guide their daily decisions and behavior. The field practicum provides an opportunity to integrate theoretical knowledge and helping skills learned in the classroom with the real world settings of southern Illinois social service agencies. A concurrent weekly seminar supports this integration of theory and practice. The practicum is taken in the second semester of the senior year.

General University electives may be chosen from any University courses which are relevant to personal interests and/or social work. Students may use University electives to pursue a minor in a field of study related to social work major, for example: Africana Studies, Women, Gender, and Sexuality Studies, Child and Family Services, Criminology and Criminal Justice, etc.

Social work majors must maintain a minimum overall grade point average of 2.25 (on a 4.0 scale). Students admitted into the program must achieve at least a grade of C in SOCW 275 & SOCW 383 courses and maintain at least a 2.25 overall grade point average (on a 4.0 scale) in each semester to remain in the program.

Students must have an overall grade point average of 2.50 (on a 4.0 scale) in Core Social Work Courses (SOCW 275, SOCW 383, SOCW 400A, SOCW 400B, SOCW 401, SOCW 402, SOCW 411 and SOCW 421) to enroll in field practicum (SOCW 441 & SOCW 442).

The School of Social Work is accredited by the Council on Social Work Education (CSWE), 1701 Duke St. Suite 200, Alexandria, VA 22314-3457, Phone: (703) 683-8080.
