University Studies

University Studies allows students to design an interdisciplinary program of study leading to a Bachelor of Science or Bachelor of Arts degree. The Bachelor of Arts degree requires one full year of college-level foreign language, while the Bachelor of Science degree does not. Students must successfully complete two courses providing a global or comparative perspective on the world (see section A of the Global Studies minor for complete listing of courses). Students must also take one course in English composition in addition to the University Core Curriculum composition requirement and one writing intensive course designated by a College of Liberal Arts department as fulfilling the Writing-Across-the-Curriculum requirement.

University Studies imposes few specific requirements for the degree other than those that are University-wide baccalaureate requirements. It is nonetheless essential that students are in good academic standing when entering the program, and maintain a grade point average of 2.0 or higher for all subsequent course work.

The below degrees cannot be earned in conjunction with any other Bachelor’s degree.
