

University Studies

University Studies allows students to design an interdisciplinary program of study leading to a Bachelor of Science or Bachelor of Arts degree. The Bachelor of Arts degree requires one full year of college-level foreign language, while the Bachelor of Science degree does not. Students must successfully complete two courses providing a global or comparative perspective on the world (see [section A of the Global Studies minor](#) for complete listing of courses). Students must also take one course in English composition in addition to the University Core Curriculum composition requirement and one writing intensive course designated by a College of Liberal Arts program as fulfilling the Writing-Across-the-Curriculum requirement.

University Studies imposes few specific requirements for the degree other than those that are University-wide baccalaureate requirements. It is nonetheless essential that students are in good academic standing when entering the program, and maintain a grade point average of 2.0 or higher for all subsequent course work.

The below degrees cannot be earned in conjunction with any other Bachelor's degree.
